

Looking for a fun adventure for you and your family?  
IF so, then check out the following...

## Nature Rocks! Family Nature Club

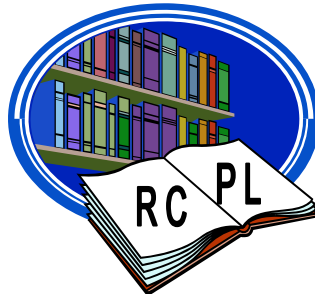

### Nature Rocks! Family Nature Club

Join in each month as the U.S. Fish and Wildlife Service, Wolf Creek National Fish Hatchery, in partnership with the Russell County Public Library, offers a FUN family oriented activity designed to help get you and your family outdoors and connected with nature! Monthly gatherings will be held on the third Tuesday of each month, meeting locations will rotate between two locations (making it easier for families to attend) and there is NO cost for families and friends to be a part of the fun! A schedule of when, where and what theme is below, and refreshments will be provided. Pre-registration is also NOT required.

Activities will be geared towards kiddos ages 5 and up although any and all children are welcome. Additionally, it is requested that all children in attendance be accompanied by an adult. Families come in all forms too, so it may be friends, nieces and nephews with aunts and uncles, grandparents and grandchildren, etc. We simply welcome any and all families and friends who wish to be a part!

For more information, please contact Environmental Education/Outreach Specialist  
Amanda Patrick @ 270-343-3797 or via email: [Amanda\\_Patrick@fws.gov](mailto:Amanda_Patrick@fws.gov)
